The Premises:

Nice place next to Sainsburys near Loch Fine Restaurant. Clean, maid was nice, flat was in good shape

The Lady:

Pretty, good body, not gym toned, but not fat, shorter than I expected but who cares when your laying down.

The Story:

Met by the maid and let in to the room. Offered a drink. Andie appeared a few minutes later looking good in nice underwear and high heels. She was a bit awkward for a few minutes as we both looked at each other but I broke the ice by giving her a big hug and a kiss. We both stripped and layed on the bed and she asked what I liked. I asked for something unusual and I sure got it. So we started with OWO, great technique and she definitely could make me cum quickly, nice and wet and slow. We then moved onto 69 and she seemed to enjoy my technique. We carried on for a while and she asked me to lick her some more on her own as she liked what I was doing. She's either a good actress or I defo made her cum as she shook hard for a few minutes and was arching her back hard as I licked her pussy and I only did this for a couple of minutes so its not like she was time wasting. She asked if I wanted to fuck, yeah def, doggie fashion. So on with the rubber and I slide gently inside her, nice and shallow and slow at first, then deeper and deeper with each thrust. Then shit gets weird. I look at my cock going in and out and wtf is that, blood on my condom. I'm like fuck fuck fuck is that inside or outside the condom, definitely outside so I say politely, I think you may be on your period. She freaks out, looks at the condom and looks scared and starts to apologize. She then disappears to the toilet to sort herself out. I'm thinking wtf do I do now. She comes back in and says she is so sorry, do I want to end or do I still want to cum with a BJ. I reassure her that I am ok with what has happened, no stress and she started to blow me and I cum in her mouth and she spits it out in the bathroom. All good except I've only been there for 30 mins max, including getting dressed. I mention it and she looks a bit pissed off but gives me 30 quid back, we kiss and hug and I leave. I give her a positive review as the service was excellent and no woman can control their natural bodily functions. Just freaks you out as blood and escorts are not a good combination,.
