The Story:

Moved to Scotland permanently recently due to radical change in my social and economic situation thanks to Covid
although I have known Edinburgh scene because... well enough about me.

This one was a massive disappointment. She says she is an easy going lass, she is anything but. I noticed this girl's aw page mentioned in the other review site and locals there say she is a former sauna girl with a bad breath and astonishingly unhygienic, never taking shower after a client visit, and that she is way too pleased herself etc. but undeterred, I made my move. I thought I had met her in the sauna, no need to name it here, and she was ok.

our Text conversation went like this

Me; may i book you?

She; hmmm, have we met?

me; oh I don't know. Maybe in sauna. Were u there.

Her AW profile has only three photos and face hidden. a Very uninformative profile. She doesn't confirm she is the former sauna girl.

She; what's your age

i answered and she goes on and on asking about me. I do know that some WGs have had a few werido customers

who they want to avoid, even paranoid about meeting him again.

Me' Listen, I am a regular guy, don't worry. Im not him who bothered you.

She does;t make it clear why but says she asks those questions to everybody. and there are meaningless xx kissmarks at the end.

there is no love, just suspicions. Q: Age, Ethnicity, Nationality, where you from, Have we met, what have you.

ok IF I am on a date site, Tinder or whatever, it makes sense if a woman says I only meet a man of certain type,

age, appearance so she asks 12 questions and only then agree to meet.

This is an escort site. She PUT OUT the AD herself inviting men to contact her,, the ad saying she is an easy to get on with girl

this is not a dating site. she charges for her time, this is her business/

What's this Spanish Inquisition all about?? All the while, i was made to feel like I was asking an unreasonable favour;

that I was a random guy trying desperately to arrange a meeting with

a woman who is minding her own business and I had no right to contact her just because I

happened to have got her phone no.

I finally texted FORGET IT and that should be the proper response for any punter to this stuck up woman. I should have said it way earlier.

Surprisingly hostile gossips among locals in the other site, which I mentioned, now make sense.

Avoid she makes u feel like you are a pest.
