Looks fantastic in photos and she IS the one but in reality, not so good. Please read below

The Story:

I normally avoid Roms so what makes me visit a Rom>. Her breasts look fantastic and I read a review that says she is friendly.

Texts comms were quick but mono syllables like 'Yes' No, OK. Postcode is
I text her at about three pm but she was fast asleep. and while she said she need fifteen minuites, she took half an hour
and it was freezing out. Small dour flat in city centre.

It was the girl in the photos that opened the door. I was relieved. But wearing no make up, she was very plain and while she was never rude, not particularly friendly as one review said. She does not come forward and say let's have fun. She is the type she lay down on bed and say you can fuck me. OW was also nothing to write about.

Her body, unlike in photos, is not athletic but more big boned. Not fat, but large. U get it?
Typical light brown natural Romanian skin, not tanned, didn't excite me either.
i thought of giving her an oral and then saw a wart beside her fanny. and she has another wart below
one breast. Not a body to enjoy kissing. So i decided not to kiss anywhere.

One good memory is once I inserted my penis, this so far quiet woman started moan loudly as if I have a golden dick.
I had been unimpressed by her so I stopped and asked EXCUSE ME, IS IT THAT GOOD? believe me my dick is of
normal size. and I was moving very slow. and she was like YES GOOD. and she commended me for actually coming. I said men normally come during sex.she said many punters do not come. I

thought its either her typical punters old or too drunk or she is not attractive enough for men.

I still have half of my time left, but I didn;t want to stick around and she wanted me to leave too, I could tell.

I read lots of horror stories about Roms, so compared to that, this one was not at all bad, still, Over all, forgettable punt.
