The Premises:

2 minutes from Paddington station. 6th floor with a nice view of the city. En-suite, modern shower facilities. The lady herself is very clean and orderly, and so is her place.

The Lady:

I made the mistake of having the expectation of a kinky sex as I communicated my wishes to the agency that I want to do a role play where I am going to be her slave and pretending to apologise where I get punished. I even wrote my slavery letter, made all my "i"s small to portray my insignificance and her "Y" S capital so signify her Mastery over me. I had all sort of fantasies in my head about how I was going to truly live the role of a submissive and go straight for her feet when she opened the door and so on; when I saw her it all changed lol.

Cora is sexy as hell, sleek and limber: small waist, small size, body toned, incredible thigh gap, angelic rounded face, sexy heels, long honey hair with the most exquisite tender and charming voice. I just didn't feel the power play of me being her submissive was right. I quickly changed plans and tried to see if she would play the sub instead.

The Story:

She gets an 8 for the effort but I didn't think she was naturally a Dom but definitely can be trained to be sub as I sure did my best. There was no please and sorrys when she made requests of help as her hands were cuffed so I had to whip her ass(literally) to get her trained.

Her body was amazing to dominate and I already miss it. I don't survive long with her body type so I tend to empty my load much quicker with them. Every hole she had was tight as hell, especially her ass as I found out in CG leaning on me while I fingered her ass to find heaven. I didn't know she did Anal till after the session as I was too focused on being her slave!!!

I would highly recommend her for the anal because It's a beautiful tight peachy ass and even more beautiful pussy: so pink, so layered, so firm and well shaped; it had 2 small piercings at the top which I loved licking and it looked awesome.

Conversationally, I thoroughly enjoyed her company, offered rosé at the start to lighten the mood and get know me first which normally would help ease me in with her, but the fantasy I had before visiting her coloured my intentions of what to do with her.

However, I will say that I wasn't really inspired with her CBJ or her kissing. She was passive with

kissing and was never initiated, which is something I am used to by now from Romanians. Seriously, this is not even a complaint at this point, because literally all Romanians have some sort of genetic thing where they don't like kissing even if they do kiss which I did ask her about and didn't really have a good answer for.

Will I see her again? I might, but definitely will see someone similar in physical specs, because her body was so perfect for my liking, so tight, dominatable and a thoroughly enjoyable company.
