Profile Name: 24/7 Babylon Girls London Escorts Agency

Website: <https://www.babylongirls.co.uk/>

Phone: 07919077777

The Premises:

Earl's Court few minutes away from the station. She actually lives in Chelsea apparently, and that is just uses that location for work. Flat is basic but okay, clean modern showers, fresh towels. No cold water at hand as I was thirsty and couldn't accommodate.

The Lady:

On first sight, she looked smoking hot in her fishnet short red dress the same as on the website as I requested. She certainly got the body, long legs, nice ass and I can confirm the previous review of having a Pussy in the prettiest packaging. Personality wise, I found her to be uncivilised and repulsive in many ways. Breasts are definitely not C and more like a B cup or even A.

The Story:

The first girl I was hooked on booking based on a review has actually been Kriss, and she is been on my mind since I started to review my experiences online. I was certainly guillable when I first discovered review sites. Kriss's review really captured my imagination tho.

Quick message to the agency, this time I had to confirm with Babylon that Kriss definitely enjoys fk and not just performs it and she did so I was happy to proceed. (She is listed DFK on other agencies).

I don't think shagging was ever the point of men booking escorts or seeking them sexually; that to me is just means to an end; the end being intimacy, companionship and connection. Without active kissing I am not prepared to pay for anyone's services, Just putting that out there!

To me perhaps it's even the novelty part of seeing a different package with a different treat inside every now and then. Kriss was that novelty to me and I was almost like a detective willing to explore her potential.

Previous review has more or less been my experience in some way. A European kiss on the cheek at the door(which I initiated), and straight for the shower.

It certainly confirms a review I read on her that said:

"A visit of mixed fortunes with calvados. Plus points,she is very easy on the eye, lovely body and attractive facially. Services were fine but very much under her control....which I understand and respect.....but no kissing?no touching hair? No touching face?.....so in reality no intimacy....which is a shame because if she was intimate the sky would be the limit for her"

If you are looking for a lady with nice legs and a hole to pound at then she is for you. She will deliver

all the mechanical services well, but Intimacy you will only dream of as my flaccid cock confirms. She avoided kissing when I got out of the shower, and when I finally brought it up that Babylon confirmed with me twice that she enjoyed fk she said yes "I am frenching kissing on the lip"! XD Which even lip didn't happen initially.

The session picked up in intensity mid the hour as she started to understand what I wanted. She is easy on the Datty, seems to enjoy being eaten as it is a very nice package indeed. No fingering, and lots of "don't touch hair", "be gentle", "no tongue", "no touching inside pussy" - you will feel like losing your manhood having her control everything.

Guess what? She is Romanian so that says it all(Of course not all Romanians but you get my point). I have had much better intimacy and connection with all my Russian bookings, literally all of them, from Mikel, Friedele, Toma and many others. Definitely wouldn't be repeating this.
