The Premises:

Her place was a mess, stuff was all over the place, weed, grinders, some left over food, and random shit thrown around. She lived in what was supposed to be a decent flat, but boy did she turn it into a mess.

The Lady:

Eva looked like a 20 year old, next door type girl, Brazilian babe with a rebellious nature. She had no face on her advert so I knew I was making a complete gamble hence why I wasn't too bothered. I treated this like disposable income just going for an experience.

When she opened the door, she smiled walked me in, then bossing me she said "Pay me now". I was just grinning. It's been so long since I seen a viva street working girl. Just hilarious standards.

The Story:

Same old tactics. They advertise as £60 half an hour and £120 for an hour, but that's only for sex. Add 10 or 20 for everything else like kissing another £10, 20£ for OWO, another 10£ for Datty. I only payed for kissing which I regretted because not much action really, just jamming her mouth on to you, with no tongue action, but have to say her mouth tasted nice.

Despite the fact that I wouldn't recommend Eva, I still had a hot time with her. I suppose that messy, edgy, rebellious side of her was really attractive. She was really hot, lovely tits, firm c/d cups, petite figure, and some signs of slutty tendency which I liked.

She suggested few nice positions on the couch, and offered CIM for free which I took! She was rushing me to cum, so that was off putting, but managed to keep a cool head. She Crouched on the bed with my head passionately next to her mouthing and nibbling her warm shoulders with my fingers sliding, and fingering her vaginal opening. That was Hot. I just jacked off in that position till I came. She passionately licked my full ear and face feeling her saliva and just really really warm face and body. I felt so much bliss and I just came inside her mouth.

I enjoyed this experience, because It was more raw and different from what I am used to from agency girls.

When the session was over she said "we are leaving!", I said how come?, She said "we are done, I

need to go to the CoOps"! It seems like she literally spent all her money on weed, and I finally paid her so now she needs to go to the Coop without any subtlety about it? Just wow.

That's VivaStreet underground for you!
