The Premises:

Nice room in a 3 bedroom flat 5-minute walk from Baker street, clean, with functional shower facilities.

The Lady:

Matches her profile on AW and her pictures from the agency, very very beautiful, tanned skin tone, perfect blonde hair, petite figure, small body, quite perfect for me, looks stunning with anything red so very sexy.

Listed on Adult work as "E I I a.", but I have decided to book her from the agency since I could hit birds with one stone, review the girl, and my first-time experience with the agency. I have eyed her profile and added it to my Hot List on AW for 2 months now since December so decided to see her and review her.

The Story:

Agencies have different personalities so I am quite keen to experience the different flavors London agencies have to offer to confirm my ideas or just learn about the industry in London.

Overall I had a good time although underwhelming with the lack of essential services that were listed as available on the website. We had good penetrative sex in multiple positions, finishing with amazing scissors action as her vixen skinny petite shape, tanned skin is once again great for these positions.

Although she definitely looks like the photos and looks very hot with anything red as it incredibly matches her blonde hair, these services were just not available despite being listed on her AW profile and agency profile: Kissing, OWO, 69, or Datty.

Since It's my first booking with this agency, The impression is not great, but the receptionist was very polite, welcomed feedback, and encouraged me to write a fair review on her profile from the website so will see how transparent they are if they post it, so I am giving a neutral review on the basis of the receptionist being welcoming and friendly, however, I definitely don't like it when I am

promised something that is just not there!

This is the last time I will ever see anyone with an “Eastern European” nationality, they are just consistently disappointing.
