The Story:

Jamiee was more an impulse visit as I was looking at AW & I noticed her profile. Feb was a bad month for me & in this whole CV19 era the lady I wanted to support was only here for a short time.

I texted a few times in the run up to my booking to arrange the best time but she was booked but the comms was polite & informative. Booking are prefer & walkin aren't allowed now.

Once at the door Jamiee opened the door & asked for my shoes to be removed. Once in the room I was asked to make myself comfortable & asked for the fee. She left for a minute & then returned.

I was in the process of removed my clothes when Jamiee returned where she asked if I wanted a drink before we started but I was brought my own. We began by a long moment of kissing with both of our hands going over our sex areas. During this time of pleasure my hands started on her bum & then removing her clothes to reveal her boobs & more kissing. As I had just come in from the cold I noticed how warm Jamiee was & made me want to touch her more.

The kissing lasted for a few minutes with my hands moving from the bum to her pussy & rubbing the clit & the outer areas while Jamiee's hands were keeping my penis erect. Once I had my fill, I was ready to have sex. This was missionary & lasted for a short while 15sec.

We cleaned up & I asked for more kissing. Normally I do this on the bed but I wanted to do this standing & found it more enjoyable. I asked Jamiee to keep her heels back on which made the whole kissing & sucking her boobs more easier & not lean over too much.

We chatted on her new life as an independent & other stuff which I can't remember too much but the answers were short & I don't think she wanted to go too deep.

Having learned on two occasions with Jess & Gemma, either do OWO after cumming, I wanted to make sure Jamiee was ok doing this, texted on booking. She was & we did OWO on the bed & moved to standing & her on the knees. I enjoyed the view & effort Jamiee put into this.

Sadly however much Jamiee tried I couldn't reach a semi or anything else in the booking. She was happy for me to cum in the mouth or her boobs, which I would of like but I couldn't reach the cliff edge. The rest of the booking was enjoying her boobs & her slim body.

Overall the booking was a nice visit where I hadn't had sex in 7 months & to enjoy a woman like Jamiee was worth the extra 30mins. If I was more in the MK area I would see Jamiee more as she ticks all the boxes & hopefully helps improve my sex life but sadly this & other trips are spread too far apart to make 60mins a regular thing.

To get the best out of Jamiee I would say being regular has its perks as she learns your queues & in the booking I have had she more submissive & waits for you to instruct. With more booking & learning your individual taste, a regular could get more fun in the booking.
