The Story:

Scammer and a thief.

Contacted me via text and asked for a deposit of £50 which I paid into a bank account. She then sent some other messages about needing a charger and some wine etc and payment for her driver and squeezed more money out of me.

She then messaged on WhatsApp and sent a photo saying she had been beaten up by an ex, I said to prove it, she sent a pre-recorded video.

I have no doubt she was beaten up sometime in the past.

She contacted me two days later asking for money again as she was in desperate need, I got her to send a live photo, miracles happen and she had no bruises etc.

Be warned, she is a complete scammer and will try all the tricks in the book for you to part with your money. AW want nothing to do with it, I reported it to them.

Considering the police next.
