The Premises:

She just came back to London so the flat rating isn't very high, maybe 3 out of 5, despite being next to Hyde Park. I believe now that her price has gone up, she is moving to another place as she casually mentioned. It had all necessities like a modern shower, but it was a bit cramped. The studio where we fucked was spacious. Now that I type this I realized we could have fucked on the sofa but I missed that, I was too distracted ;)

The Lady:

Facially looks the same as the photos, I just found her to be smaller, and skinnier in person than her majestic look from the photoshoot. She is basically my type: blonde, curly hair, cute face, and a teenager personality which made the punt even more unique for me. Great pussy and super nice large nipples and a willingness to explore and try things attitude.

The Story:

Efficient arrangement from Babylon, booked the night before and confirmed early morning all to plan, arrived on time. I was quite keen to see this one.

When I first seen this girl advertised for £200 I had my eyes on her. I thought she was completely new, but she regularly visits London for short trips. It's her first week in London since Lockdown so still getting used to the new ghost town.

I normally prefer natural tits, but hers are actually nice: perky, firm, protruding large nipples that are sensitive; loved sucking and teasingly biting them during foreplay.

She instigated the Meetup removing my towel and straight dfk me pinned her to the bed, lots of foreplay and BBBJ, licking my balls then my belly and ear. We have enjoyed few positions but my absolute favorite was flipping her over her belly and fucking her from behind while tying her hands together behind her back and rubbing my fingers on her pussy. Doesn't like fingering but approved of massaging her pussy with my hands on the surface for few minutes, which felt really nice. Her Pusey stands out for me as pink, even smooth pussy lips and it doesn't take much to get her wet. I loved pounding that Pusey man, it's just great.

The only heads up is that there is one Pop. Her pussy is the kind that you will want to bang non-stop because it's just good quality so don't cum quickly if you want to prolong the shag. We cuddled and kissed the rest of the time. To my surprise, we had a lot of common interests like stocks and cryptos and quite enjoyed the conversations with her. She said she is 25 but honestly comes across as much younger maybe 19, or 20. She is very affectionate and to the sensitive side so don't fuck it up please, be gentle with her.

Doesn't drink, or smoke, buys low, and sells high what not to like? a very gentle and sweet - sugarmaterial. I Will definitely repeat this at least once before she leaves.
