The Premises:

A classy mew apartment in Belgravia few minutes walk from Sloan square, discrete and posh place.

The Lady:

Julia is a great companion to befriend and spend quality time with. She was very happy and smily throughout. The social element of our meeting was my favour part of meeting her. She has an Aura about her. She can talk about growing pines in Brazil and she will make it interesting! She comes across as a genuine friend and that's how I felt throughout my time with her. A quality companion that will see again for sure.

Julia is a sociable person, loves to meet people and learn new things. We even ran over the schedule by a good half hour just talking. One thing led to another, and she really felt like a loving caring friend.

The Story:

A quick call on short notice which was confirmed quickly. I see some gentleman's found it difficult to get hold of her, so I was lucky to fit in her schedule in short notice. I was greeted with a sexy short black dress in a discrete mew apartment in Sloan square. The place was glamorous and very organised.

My first impressions on Julia were that she is an intelligent confident women and I was made to feel comfortable straight Away European kiss on the door, glass of water and a chat.

This sets the tone, as getting to know you before bed manoeuvres is essential for her and it's an excellent way for both of us to feel comfortable and build a connection. Julia is blonde with short hair to the shoulders, natural body, b cup beautiful skin, and I must say I loved her hands - The first thing I noticed when we chatted on the sofa.

Throughout, I never felt like a paying customer tbh. She never watched the clock, the phone never rang and she never checked messages or even felt rushed. Everything was on my pace, very accommodating with positions and really enjoyed ourselves throughout.

I was a bit tired so she ushered me to the bedroom, removed her dress to reveal this beautiful black lingerie with rose patterns on it. I loved that, I thought she is a women of good taste. She took the lead from here onward, great technique with the BBBJ like actually sucking it and at times I was quite close to C in her mouth, but she doesn't provide that service so I was careful. Very easy to accommodate the different positions with her as well. Good kisser, builds it up slowly to the fk then dfk. I loved her face too, I enjoyed making love to her. This was a vanilla experience throughout, and quite sensual.

Went down on her and she seemed to love my technique. Very clean shaven, beautiful piece. Julia is emotionally intelligent that is well aware of all the bed dynamics and it will ensure an intimate encounter as was my experience.

I had to keep her quite when recognised my love for euro babes so I pounded her furiously while on top of me and kissed her face all over, nearly climaxed her.

I wanted to explore her set of toys, female butt plug and certainly her prostate massage technique but in the moment of it all, It just slipped my mind.

Like I said, there is something about it her that I really like. Many things tbh. She seems the kind of person that you would lean on in a funeral, very dependable and trust worthy imo. Hugging her at the end felt this rush of oxytocin that I don't always feel after meeting an escort.

Make sure you check her profile thoroughly before you meet, everything she says on the website is exactly how she is in person.
