The Premises:

Smart apartment in a nice area of the city centre. Very discrete as multiple apartments in this up market block. I have visited Miley in this complex before, different apartment. She chooses nice places.

The Lady:

Gorgeous. 2 years since I saw Miley before yet I remembered exactly what she looks like. She is beautiful and striking and I found her extraordinarily attractive.

Short, nicely styled hair as you can make out in the photos. Photos were very accurate. Petite yet perfect body her ass is round, tight and firm. Once again she was wearing a slinky night dress - OMG this girl is incredible looking.

The Story:

2nd visit to Miley. The first was 2 years ago and we have just missed each other since as she isn't always in York and then Covid hit. Miley is a classy, independent, intelligent and engaging lady. She doesn't see lots of clients instead she works occasionally and sees a small number of clients and, my experience is that she gives a absolutely platinum service.

I had intended to see a WG a few days ago and notice Miley was in town on AW. I messaged her a few days before and I had such a great experience with her 2 years ago I decided to hold off seeing anyone else and hope she came back to me before leaving town. For a couple of days I thought of Miley, in particular the memory of her in her nightdress sitting on my lap and kissing me as my hands wandered. I have seen many girls since seeing her 2 years before but she left a wonderful impression. Then I got a text back and also a message on AW and immediately booked her for that evening.

I decided to walk to her rather than drive as it was a nice evening so after a 40minute walk I was in need of a quick shower which Miley offered after a quick kiss and me (not prompted by her) sorting the paperwork. As soon as I returned to the room Miley joined me and we kissed sensually. This girl is so sexy and sultry I found myself falling into a slow, sensual, romantic embrace with her. After a kiss she offered a massage and we talked and re aquatinted ourselves until I turned over and sat up to kiss her. She had taken off her nightdress but I asked her to put it back on as (although she has a

gorgeous body) she looks so sexy in her long gold nightdress. She slipped it back on and stood in front of me writhing around allowing my lucky hands to wander over her. We kissed for ages and she was gripping my already hard cock gently yet firmly somehow as she whispered what she wanted to do to me in her sexy voice. Oh her voice! slightly husky, sexy accent perfect english, let me come back to the sounds of her vocal chords later in this review...

After lots and lots of kissing caressing, slipping her nighty down so I could kiss her nipples which were hardening as I touched them, and her whispering things we could do, I wanted to taste this angel. She lay back and spread her legs to reveal the most perfect little pussy. A neatly trimmed and clipped rectangle of soft hair above, as I knelt on the floor and this really felt like when you are served a Michelin star main course and admire the dish before your first bite. I moved in, blew on her softly first and then with my left hand I gently pulled back the skin above her clit to reveal that bud and set my tongue on it as Miley lay back and made appreciative moans. Over the next few minutes Miley got wetter and more excited, when ever I looked up I saw her lovely chin lifted up as she threw her head back to enjoy being worshipped and feasted on. I asked her if she wanted a finger, she said yes and sucked my middle finger for me to gently slip it in that tight, perfect hole and rub her with a beckoning lotion as my thumb rubbed her clit and I kissed her slowly from her inner thigh, down her leg to her feet, still clad in sexy high heels. She said "I want to sit on your fat hard cock" I said I want you to sit on my face. Next up I lay back with Miley straddling my face whilst tickling and blowing on my shaven balls. As I sucked on those clean perfect lips I lifted my head so her perfect ass cheeks engulfed my face as she made all the right noises.

We agreed to move things on and Miley helped me put a condom on and leant over on all fours so I could watch her give a perfect blowjob whilst I felt her lovely arse which she stuck up in the air so my palm could enjoy how hard her ass is and I could slide the ridge of my hand between those parted cheeks. Damn this girl is incredible. Her lips and hands gripped my cock with the perfect strength and this was true for every aspect of our time together. Next Miley said "I want to fuck that fat cock" and she straddled my cock and she screwed me with passion and slow long strokes, kissing me, holding me, holding my hands, pressing her forehead against mine as we whispered sweet words to each other. We moved round so I was sitting on the edge of the bed and Miley stood in front of me and sat down on my cock. The perfect view of that round ass with her tiny asshole just above her tight pussy sliding up and down on my cock. I kissed her back, her neck and held her breasts, after a while I stood up, still inside her and we span round as Miley smoothly climbed onto the bed for me to fuck her in as hot a doggy style as I have ever experienced. Miley's timing and movement is spot on, I fucked her like this for a while, all the time she made those lovely sounds, at one point I asked if she wanted a finger in her ass, she smiled and said "no I don't do anything with that" which explains that little asshole being so tight looking. No problem for me as I just want to give this girl pleasure. I carried on indulging in this perfection until we moved to her lying on her front and then rolling into spoons as we kissed and stayed screwing like this for a while more. I really wanted to enjoy Miley's lovely face so moved round to missionary. Miley lay back, just as she had when I went down on her and my cock slipped inside as she looked me in the eye and kissed me. If I were more naive this could have been very confusing as this all felt like making love rather than just sex, of course I know it's not that but still, I enjoyed it as if it was. We screwed like this for a long time embracing and kissing, I asked Miley what she wants next as we had been fucking for a good 30minutes, through our whispers we agreed for her to go on top again but it took a while to get to that as making love to Miley and kissing her is a difficult thing to stop doing. On top of me Miley was grinding and kissing and I was enjoying every inch of her, a few minutes into it her strokes got longer as she lifted her petite frame on each one to slide almost all the way up my shaft and then back down whilst squeezing me with that magical pussy, this kept going and she felt me building, her strokes increased as did her breathing and her moans, her moans - her throat vibrating against my ear as she moaned and screwed me (told you I'd come back to her vocal chords). I came and Miley did a great job of making me feel she did too. Miley drained my cock before sliding off and we cleaned up. She stayed with me and we chatted and cuddled for the remainder 15 minutes. For a while she massaged my back fixing a knot I had suffered for a couple of days. We talked about towns we'd both been to and other shared interests as well as what she does other than this. Miley is a really interesting, has an awful lot about her and, when I was a younger man I

would have certainly been head of heels for her, in fact I may well be any way. I promised Miley a more detailed review. I hope this does the job.

More than any meeting this left me leaving with a smile and bouncing down the road. I am already trying to work out how I can see Miley tomorrow...
