### The Premises:

Well known establishment, with good sized rooms, friendly and efficient front of house. You can book in advance the day before, which I would recommend in the case of this girl. discrete rear entry. £100 to the receptionist prior, £100 extra for Elise, well and truly earned.

### The Lady:

Look at her profile on Elite's website. Unusually, there are full, unpixelated face images. These pictures seem to have been taken some time ago, but she is still really pretty and has a great body, I would say 8/10 dress size, lovely derriere and shapely natural breasts. Age is only a number, she could pass for late 20s, but I know she has been working for quite a long while. On my visit, she was beautifully made up and dressed in killer heels and skimpy, see through bra and knickers. I was instantly smitten .She is gorgeous.

### The Story:

I am the sort of guy who researches first, before choosing so I already have an idea of what can be asked for. I also have a fairly definite idea of how I would like things to go. Sometimes, when you get there, the girl ticks all the boxes, provides all the services, but for whatever reason, there is something missing and you go away vaguely disappointed. It could be any one of a number of reasons: having an off day, not fancying you (I am not all that fanciable),lack of experience or confidence, not actually enjoying their job, failure to make a connection, lack of basic sex appeal.

Then there is Elise, to whom absolutely none of the above applies. She has bags of sex appeal, instantly understood what I wanted, then delivered in spades. She is the naughtiest, minxyest, most attractive, most skillful, most sensual and erotic working girl I have ever seen. Absolutely top marks for effort, friendliness, willingness to please, sheer intuition. The climax, to all this was more intense than I can ever remember. I left with a huge grin on my face. On the way past the receptionist, I said "holy moly. That girl is hot". Her profile shows a wide ranging list of services, but then she has that extra something that you just can't either list or put your finger on. Whatever it is , she has it. Will definitely see again. Highly recommended.
