The Premises:

Located on an industrial estate, easy to find with lots of parking, right upto the front door. Doorbell entry into an open lounge, where there were 3 ladies working on the day I was there.

Room was nicely presented with a shower and a double bed, very tidy and clean.

When you leave the premises it is out of the opposite side of the building on a one way system for discretion.

The Lady:

I chose Lucy from the pictures and description of her on the website. She's 5'4", size 10 ish, lovely sized breasts 32C. She has the most amazing infectious smile and beautiful eyes that just grab your attention. Her hair was short when I met her on the day but it really suited her. Even though the other girls in the lounge were beautiful, She was the only one I had eyes for and promptly chose Lucy.

The Story:

First punt of the year since the lockdown was lifted a day ago. Lucy led me to the room and stood there with her beautiful smile which automatically made me smile, where she just wrapped her arms around me and gave me a nice close cuddle, I could feel the contours of her body against mine, and a chance to put my hands on her lovely behind. We sorted the paperwork out and she left for me to take a quick shower.

She came back after about 5 minutes where I was laid face down on the bed, she stripped off down to her beautiful naked body and started a lovely back massage. Her attention soon went to my ballsack where she slowly stroked and ticked that area, this drives me wild, and always gets me rock hard and ready for action.

I turned over for her to play with my shaft and give me a lovely BBBJ, this was absolutely wonderful and I soon forgot where I was. She wanked my cock and came up for some deep French kissing, she is really good at this and I just couldn't get enough of her tongue. I just had to return the favor

and treat her to some reverse oral. I teased her clitoris with my tongue, combined with a slight sucking technique she absolutely loved this and I soon had her in fits of orgasmic ecstasy, I could have stayed with my face buried there all day long if time and money would have let me.

It was on with the hood and time for a bit of missionary position, lots of DFK and a chance to get used to our bodies touching and grinding each other. Change of position to spoons for a nice bit of thrusting from behind which was lovely. Then I laid on my back and she did this frog type position with her straddling above to ride me, where I could suck play with her beautiful breasts I loved this position. We then moved to the end corner of the bed and she had one foot on the floor and one on the bed and I thrust my cock inside of her, and blew my load just as the receptionist knocked on the door to call time on our intense session.

I had a quick shower before getting dressed and left out the back door.

Sometimes you have a punt where you just click and feel like you've known each other for ages and have a great time exploring each others bodies until the inevitable joint climax happens. This was one of those rare sessions. She is such a lovely person and I can highly recommend her, I would definitely see her again.
