The Premises:

A small terraced, council flat about a 15 minute walk from Woolwich Arsenal station. It was quite small inside.

The Lady:

I think it was the girl profiled. She was slim, dark haired about a dress size 8 to 10 with C cup breasts and a nice bum and legs.

The Story:

It was a bit of an awkward place to find and when I entered the dood, Mona said something about me taking 10 minutes from the time I arrived in her street. I was a bit concerned it might be a bad punt especially as her TV was playing music. It went OK though. She started the session by giving me a nice massage. It wasn't one of the tickly ones and there weren't any attempts to get me aroused. When I turned over I received brief oral without with Mona's back to me during which she put the condom on. We then had sex in missionary position to completion.
