The Story:

It was only when posting this that I realised that I had in fact seen Melissa many years ago at Sandys Superstars !!

Well all I can say is that Melissa has got even better since her parlour days and can thoroughly recommend her bespoke independent work

Nowadays she is one seriously smoking hot MILF - plenty of pictures on her profile but they don't reveal her face which IMHO is beautiful

She is only short but has an amazing rack on her - one of the best boob jobs I've seen which together with her small frame makes it look as if she is going to topple over at any point :)

My acid test for a girl is would she turn heads if she walked into my local - and Melissa certainly would !

Of course appearance is just one aspect of a good punt - and service is the other

Communications were easy , prompt and straightforward

Melissa is very accommodating when it comes to outfits and I was able to give her some clues as to what I liked - she didn't disappoint - and so I found myself being ushered into her apartment by a smiling Melissa

A brief chat on the sofa where it became obvious that she is very well educated and has a a bright friendly attitude - never met anyone who is so optimistic and upbeat about her decision to become an independent escort

We began with some DFK and mutual fondling before we moved to the bedroom

More fun and games as gradually we removed our clothing (admittedly Mel wasn't wearing much to start with :))

This was like pure seduction on her part - as Tony the Tiger would say GRRRRRRREAT !!! and then we began with some great OWO from Mel

At Melissa's suggestion then it was my turn and she laid back / spread her legs wide and invited me

to dinner lol

Brilliant it was and Mel was soon making some sort of "cooing noises"

I told her about not being very good at this but she replied " We'll it's doing it for me" and she was becoming wetter and wetter by the second

Then it was on with the cover and Melissa rode me energetically in cowgirl - occasionally leaning forward to bury my head in those breasts or suckle on her nipples which had become rock hard and very prominent by now

From time to time she would adjust herself slightly to alter the angle or just bury herself full length and grind away - Fantastic

I could feel the sap rising so quickly I had to act - and suggested we change to doggy - "No problem" was the reply

Into the position and away we went "Let's see what you've got" said Mel and we went at it at 100 miles an hour for quite a while

I loved the fact that Melissa was very active and thrusting back to meet me so we were balls deep at lot of the time

All too soon I erupted into the bag and we both collapsed - Mel was panting and out of breath too - always a good sign

Time to recover - was offered a second round but I was content with what I'd achieved - so we just lay there naked chatting away with Mel gently stroking my cock until she managed to coax a little more of my seedlings out of their prison cells and into the free world
Just as a final treat Mel then cleaned me up with her mouth !!!

Offered a shower before I left but didn't partake as I wanted to keep her exquisite smell on me for as long as possible

This girl just oozes CLASS and clearly enjoys her job
