The Story:

Kat dressed in a basque and stockings and looked great as she looked me in the eye.

This was my first time back since January 20 and I had intended not to touch to minimise the risk of Covid but I couldn't resist cupping her sexy, small, peachy arse in my hands. She has beautiful soft skin.

I had brought a few toys with me including a woman's favourite - the womaniser. If you've never tried one on a woman, it drives them crazy. I asked Kat if she knew what it was, and she did. She took it from my hands, lay on the bed with her legs wide upon and immediately began using it on her clit - all the time whilst smiling and looking directly into my eyes. Fuck, she looked hot.

After a while, I climbed onto the bed and half standing/half kneeling put my cock into her mouth. She had one hand on my cock and the other being used enthusiastically on the womaniser. When I was ready to cum, I asked if I could cum in her mouth but she preferred not, which I understand, and so I spurted a big load all over her boobs.

Sexy woman, very enthusiastic with great eye contact, which I really like - and recommended. Would like to have a threesome with her and Louise next time.

Kat, hope you enjoyed the wine.
