The Story:

Arrived on time & was welcomed by the maid. After a quick temperature check I was offered a drink & use of the shower then shown into the room. A minute or two later Ophelia entered the room & asked if I was ok. If I wasn't before I certainly was now, she was stunning. After sorting the paperwork out we talked for a bit about what I'd like to happen during the meet then while I got undressed Ophelia mentioned my tattoos. This didn't feel like a punt. While we talked she started to stroke my leg & easing her hand into my boxers, then leant in for our first kiss. Like I said this didn't feel like a punt, she really puts you at ease. In no time my boxers were off & she was on her knees giving me owo with plenty of eye contact. Had to ask her to slow down, then stop as I wanted to taste her. Ophelia laid back on the bed & I then went down on her until we changed position & she sat on my face. While licking & sucking on her clit she grabbed my head & held me tightly against her & started shuddering. She got off me & gave me more owo then finished me off by hand. Some of my cum was on her hand which I gladly licked off. I was then given a massage while I recovered. This led to Ophelia stroking my balls, then more oral before the condom was put on & she got on top to ride me. We changed position a few times ending up in doggy. I pulled out & got on my knees so I could give her more oral. She moved around slightly so she could play with herself & watch in the mirror while I licked both her holes. I finished myself off while rimming her & this time licked the cum of my hand. While I got dressed we chatted like we'd known one another for ages. After another dfk I left with a smile on face & a promise that I'll see her again soon
