The Story:

Description of experience, well you really need to steer away from this 'lady' she is only in this to rip off punters who are unfortunate to book her without realising she is disingenuous. She was all nice until the money was exchanged. Then she refused to disrobe and ordered me not to touch her. When she put the cover on, she huffed and puffed at the thought of oral sex. At this point I just had enough! she had no intention of carrying out our bargain. got my clothes back on. The cheeky mare even feigned surprise that I was leaving early but was very quick to get me out the door. £100 down the drain for a 5min experience of a 'lady' not wanting to have sex but loved taking £100 off me for absolutely nothing!!!
