### The Story:

Julia came into the room in a black outfit which showed off her curves and a pair of heels to complete the look dealt with the paperwork and swiftly got undressed and laid on the bed . Sadly no kissing offered so it was kissing to the side of the neck and fondling her lovely breasts and nipples and then fingers down between her legs for a gentle fondle before my suggestion that my tongue replace my fingers which she enjoyed from the moans of pleasure from her and then owo from her before on with the rubber . And into missionary and spoons with my fingers rubbing at her clit to bring us both to a happy ending . We then had a short chat about the weather and then got dressed and on my way . A happy man would I return to see her ? Yes I would . She only works there one day a week so get in whilst you can !
