Petite pretty brunette Romanian with tattoo sleeve. Images on websites a very good likeness. Marcela is listed in several places with many different names.

The Story:

The meet: On knocking on the door, I heard Marcella tottering in her heels to answer and was pleased to be greeted by a cutie who was obviously the girl in the pictures. She led me in, but was quiet and no welcoming kiss was offered. I reminded myself that this was a first meeting and I've only been seeing 'repeats' lately, but in hindsight I should have just walked.

I tried to be friendly and confirmed I was looking for a gentle girlfriend experience for an hour. Marcella nodded, took the money and pointed me to the shower. I thanked her for meeting my outfit request in the hope it would build rapport and headed to the shower, eager to freshen-up try and secure favour.

On my return, after shower, mouthwash etc I headed over to Marcella, and was immediately told 'It's one cum'. I didn't object, assuring her that was fine, and held my arms out thinking she may feel more comfortable taking control, but she insisted I come to her. I gently kissed her and she pulled away, saying 'I don't open my mouth. I don't want your tongue'. Once again I didn't object, I just continued to try and build a rapport, complimenting her tattoos, smile etc

I slipped off her dress to reveal a cute young body, with small perky boobs. Looks wise she was just what I wanted, but things just weren't going well.....I stroked her gently and was asked to move the bed. I wasn't really ready and was hoping for some oral first, but agreed.

On the bed Marcela dived for her wipes and rigorously scrubbed my cock. I sat up for another kiss, got a quick peck, but Marcela was acting like she had a train to catch and I had paid for a 15 minute p&d. I laid back and let her begin, to be reminded not to cum in her mouth. Barely hard from the lack of eroticism I assured her that wouldn't happen. It was no surprise that 2 minutes later a condom was suggested, but I asked for more owo, explaining I prefer it so full sex. To my surprise I got another lick or two and Marcela moved to 69. However, this didn't last long and included a 'not like that' as I tasted the mango. Fingers were obviously not attempted and would have been out of the question, and caused further outrage.

After those licks the condom was applied and I was asked which position for sex. I asked for her to start on top, hoping she would feel in control, and this was ok for a few minutes, as she did look hot, but as Marcela quickly tired we moved to missionary and I climbed on top, leaning for another kiss, trying to keep wood. Marcela immediately complained telling me how unhealthy it would be to allow me to kiss her after I had licked her pussy. She had also told me during cowgirl, 'Don't feel you have to hold on. Cum and enjoy it as soon as you can'.

At this point I commented that her 'likes list' wasn't feeling reflective of service, would she prefer I go, to which she offered doggy. I explained I 'wanted more missionary due to a knee injury and I was allowed a couple more thrusts before the biggest of sighs and the line 'You can't expect to use me for the whole hour', persuaded me to end it. I suggested Marcela wank me over her boobs to which she agreed, but with no great surprise she moved to make sure this didn't happen.

Amid the most awkward of silences I had another shower and dressed, but as I headed to the door Marcella commented, 'You don't have to leave. You could stay for a chat and a drink'. I'm really not sure what she thought we would say to each-other. :angry: Just over 30 minutes had passed, including two showers and a few minutes waiting for the door to be opened after I'd walked up the stairs.

On leaving the building I texted the agency to explain I was disappointed to only experience a disappointing 30 minutes when I had paid for an hour. I heard nothing back, so wrote a review on their website. Two days later I received a text on my punting phone stating Marcela was a top-performer and they had never had complaints about her. They also alleged I was forceful with her, which was ironic given I spent the morning in hospital with my knee injury which was why I had sought a gentle GFE, with limited positions, not the sort of energetic session I usually enjoy with Nicky at Olina or one of my other favourites. I physically wasn't up to that that day, or indeed the weeks after. In the same text I was also advised, they wouldn't publish my review as it was unfair on Marcela.

Conclusion: Terrible VFM and an even worse response from the agency. They have lots of pretty girls but how can you risk a repeat performance?
