The Story:

Booked her for 1.5 hrs since she seemed very attractive and was described as adventurous. I was really looking forward to our meet and when she opened the door I thought we were going to have a great time. She started by giving me a massage which was fine however I was not allowed to kiss her anywhere, touching only with the lightest touch and certainly no fingering. No OWO and she went back to giving me a massage. I got bored with this and suggested we reduce the booking to 1 hour. she then called her boss to let him know and then proceeded to rush into having sex . This was ok but the whole lack of touching thing had already ruined the experience for me. One of the most disappointing visits I have ever had. I marked her as neutral since if you want a real vanilla experience with a massage by an attractive asian milf she is ok. Do not book her if you want someone adventurous
