The Lady:

Hard to believe BUT it really was Tina Kay, the world famous pornstar - she looks exactly like she does in her porn films.

If you've not heard of her go on Pornhub and check her out.

The Story:

Tina met me out the door dressed as a secretary, in stockings wearing glasses.

My speech bubble: "Wow, I'm going to fuck a pornstar".

She oozes fun, pretty much as she is in her porn films, beautiful face, soft, smooth skin, perfect white teeth, great body and laughing and smiling with genuine warmth all the time.

I told her that I had wanked over her many times - she smiled and giggled at this telling me that now it's for real.

She started by French kissing me and undressing me slowly whilst putting her hands inside my jeans. I told that I wanted to cum on her face and lick it off so that we can cum swap. "Oh, so you want to make this pretty face messy eh? Oh yes, we can cum swap. I love cum on my face."

I gave her a bottle of Veuve Cliquot champagne, which she appreciated (got to push the boat out for pornstar royalty). We then moved to the bed and she began wanking me hard - all the time talking filth whilst looking me in the eye.

"Would you like to fuck me? Shall I ride your cock cowboy style?" On went the condom and she

began sucking and spitting on my cock. I asked her to 69 me so that I could lick her beautiful shaven pussy. After a while, she sat on my cock and rode me cowboy whilst playing with her pussy. She lent down from time to time to kiss me and bite my nipples whilst I held her hips and pulled her onto my cock.

Her pussy taste so nice that I wanted to have it on my face again. She straddled my face and looked down as I licked and sucked on her clit. I'm not joking that her pussy is the best tasting I've ever had. Not only the taste, the womanly smell was different, heavenly. Tina complimented me upon my pussy licking - "That's right on my clit, you know what you're doing".

Is there a difference between fucking a pornstar and fucking a gorgeous escort? There were 4 main differences for me:

1. It's a real buzz to be fucking a stunning girl that you've seen doing extremely filthy things in porn films - and wanked over many times
2. She talks playfully dirty all the time - plus you already know what she's capable of
3. You know that a messy facial WILL DEFINITELY happen
4. See below

As she ground her clit onto my tongue, she was saying things like: "Oh, you're enjoying those pussy juices dribbling into your mouth, aren't you?" and "Do you like the taste of my pussy juice?" As I looked up she dribbled some saliva down onto my tongue to make her pussy even wetter and she lifted my hands up to squeeze her tits as I carried on sucking and chewing on her gorgeous pussy flaps. I could have stayed there forever but she had been leaning back as I was doing this, wanking me hard.

"Would you like to make my face messy, you naughty boy?" She dropped to her knees at the edge of the bed and I stood up and began milking my cock so that I could cum on her face.

Now, boys - this is the biggest difference for me.....

She didn't just wait there for my load, she stuck her tongue out and held it there whilst looking at me. Of the escorts who are willing to do a facial, none that I've met looked like they really wanted to take my load whereas Tina was saying: "Cum on my face, make me messy, I'm hungry for your cum, give it to me" and she repeatedly stuck her tongue out to encourage me to cum on her face. Well, finally, I gave her what she wanted and she then rubbed the tip of my cock on the smooth skin of her beautiful face. She also scooped some of the cum into her fingers and put it in mouth before kissing me and telling me to "clean my face and kiss me". So I licked her face and did as she wanted.

I've seen Tina with cum on her face before in her films, of course, but it felt much better seeing my cum on her face. After cum kissing for a while, she then asked if I'd like to get cleaned up and we both got into her shower. I knew what was coming next because I had requested my first ever water sports with her.

She pushed me down to my knees with my tongue out very close to her pussy lips. I waited until a warm trickle came on my face and tongue. She laughed as she was doing it and called me a dirty boy.

For the next 10 minutes, we chatted on the bed. She really does have a great outlook on life. I asked her about new films and she said she will be doing another one for Marc Dorcel next month. She likes Dorcel because it is classy, the best of everything, clothing etc, no expense spared.

She asked me which films I like of her and I told that my favourite one was her and Shalina Devine. Before. I left she told me that she can do threesomes with Stacy Sarin and one or two other pornstars whose names I had not heard of before.

What a tremendous experience. Not only the fantasy of fucking a pornstar, but being with a truly lovely, open-minded, horny as hell, sassy, classy woman.

Oh, and yes, I have now fucked a pornstar and cum on her face - how cool is that?
