The Premises:

Well established parlor with a unmarked single door entrance in a busy parade of shops. Plenty of on street parking close by. A friendly welcome and well appointed room with a shower, clean towels and a large fan (especially important today).

The Lady:

Mystifying, a beautiful tanned and slim English lady, confident and well spoken but covered in tattoos - like a posh Amy Winehouse! Dark hair, petite and attractive, enhanced boobs (as she said these are not real) but nicely done (not too hard) with pierced nipples. Her photos give nothing away as to her appearance but a real feast for the eyes

The Story:

Anna entered the room dressed in the blue slip in her photos, a real wow looking woman. We got on the bed but didn't want to kiss which was disappointing as her profile said DFK and GFE - anyway I have asked for the profile to be updated. That said I kissed her neck and worked down to her lovely boobs before finding my way between her thighs. There was some micro underwear to remove before I made her come which she seemed to enjoy! Some amazing oral then followed with deep throating as an extra bonus! I couldn't take no more of that so on with the cover and started with me on top before I turned her round for doggie. Back to me on top but could finish (I guess I miss the intimacy of kissing) but Anna wouldn't give up so a hand job and 69 did the trick.

Other than the lack of kissing it was a truly amazing experience. Still can't work her out in my head but made me happy!
