The Lady:

I dont think the girl I saw was the girl in the photos on her AW profile, the girl who answers the door was very short (5feet-5feet) long dark hair, pretty but again not what was pictured she was tanned but had a nice body, lots of tattoos. she is listed as British but she had a very thick accent, didnt think her communication skills were great.

The Story:

so I was doing some traveling today and I havent seen any one in a very long time so thought I have a look, found some one on aw and liked the looks, it listed she was English so figured I at least wouldn't have any trouble explaining myself. I test and got a prompt reply. I tried to explain what I was looking for as I didnt want to waist anybodies time, didnt really get any response to my request other than the postcode for her location tried to confirm what I was after and was told I wouldn't get any more texts which is fair enough im sure they get a lot of time wasters so I can understand. I eventually found the location, it was not on the main road so it was a little hard to find but I got there in the end, got a text which floor and apartment. made my way up knocked and was some shuffling from behind the door, a second girl rushed off to an adjoining room I went in to be greeted buy a pretty but very short girl with a thick accent, she didnt look like the girl on the aw profile but as I say she was pretty so wasn't overly put off. she blurted out what she was ok doing which I sort of understood, then she told me 80 I said that it listed it at 70 she didnt look overly happy about that but eventually said ok give me the 70! I said ok and I checked again that she was ok for me to go down on her (I had asked if that was ok when I was texting here) she said yes sure but it would be an extra £10..... seems like she was pretty adamant about getting that 80. buy this time I could tell she wouldn't be bothered about giving me a good time just getting the time done with as quickly as possible so I said sorry and made my excuses and left thankfully before I had handed any money over im pretty sure I would not have got it back

long story short the girl I met was very different from the girl painted in her AW profile that said she is very pretty and im sure if she takes a shine to you it could be good but I was very disappointed! also on a side note it sates in her profile that she likes uniforms (that would suggest that she has uniforms) but she had non! I personally think the girl who rushed into the other bedroom was in fact the girl listed as Jessica but for what ever reason did not which to provide services.

I will not be returning
