The Premises:

Victoria works out of a nice apartment in a fashionable part of town – very safe area. Hardly anyone around when I was there late afternoon, and certainly nobody taking any notice of me.

Lovely, albeit smallish, flat, but certainly room enough to enjoy a naughty tantric massage with a lovely lady, lol! Excellent shower with fluffy towels. Nice little bedroom, with bed all laid out beautifully for our session. Mood lighting and a 'meditation' soundtrack – all very professional, and was just typical of the care and attention this lady paid to our session.

The Lady:

Victoria is absolutely gorgeous; a poised, smokin' hot, Brazilian babe, dark-skinned, dusky and smouldering, with a lovely face, raven-black hair, natural, very nicely-shaped boobs and a toned body – just looked brilliant.

I guess you'd describe her English as only 'conversational' (lol!), but I could certainly understand her well enough, and her me – so no problem at all. Actually had a nice little chat on a few occasions – Victoria's clearly an educated lady, and is sophisticated and interesting.

And you couldn't hope to meet a nicer person – woman, man, escort or otherwise. Sweet-natured, adorable and delightfully welcoming. She comes over initially as wonderfully calm and serene. But don't let that fool you – as the massage progresses, there's a passion and intensity there that make for a super-hot experience.

Greeted me, as requested, in some extremely exotic and sexy, black, 'designer' lingerie and killer-heeled Louboutins – a jaw-dropping, eye-popping vision that was the overture to a fantastic, erotic and sexy-sensual tantric massage session.

The Story:

Saw Victoria as a special treat to myself having now had both 'jabs', and also because I'm pretty fed up with latest lockdown being extended. And Victoria pulled out all the stops to make sure it was indeed VERY special.

The lovely, friendly greeting and the sight of this 'fit', gorgeous woman in her sexy designer lingerie and heels had me pretty damn excited within moments of me getting in the door. I was like a kid at Christmas and wanted to 'get going' ASAP, so got my pre-massage shower out of the way super-quick and whizzed back into the bedroom where I asked Victoria if she could pose and preen for me – which she was very happy to do - wow! She was then equally happy to treat me to a truly exceptional, provocative and tantalising strip tease. She's clearly got the Brazilian 'dancing genes'

as she wiggled lithely and provocatively in front of me until she was naked except for the Louboutins – O-M-G!

Then I'm face-down on the bed, lying on a stonking erection, as Victoria weaves her erotic massage spells all over me. The feeling of having this super-sexy, naked woman slipping and sliding all over me whilst being teased and tantalised ALL over by her naughty, skilful hands was beyond belief. Sometimes I lost track of exactly what was going on, except it was definitely somewhere near absolute ecstasy!

There were many 'highlights' to savour, but particular memories included me on my front with Victoria working two-handed on my cock, which she'd pulled back through my legs – an amazing sensation. Then there was how she ran her fingers up and down all my sensitive areas, especially my armpits, which are extremely erogenous for me. And how, after I'd turned over onto my back and recovered from the superb sight of this oiled-up Goddess before me, Victoria straddled my chest, facing away, shooting provocative gazes at me over her shoulder as she alternately wanked my cock and then reached back to work my nipples. Victoria was really giving me a hell of a time, admittedly with me 'egging her on', lol, and I had to get her to calm things down a bit before I came prematurely!

And when she did finally get me off, it was one of the great back-arching, highly vocal ones! No rush at all to get rid of me – in fact, we had a nice little chat. Lovely kiss and wave-off at the door had me floating off down the road in a state of euphoria.

Not at all looking forward to the uncertainty of this extended lockdown, but at least I have the memory of this very special session to keep a smile on my face! Couldn't recommend Victoria more highly. :D xx
