### The Story:

2nd visit to see Maya and both times have been amazing. Started with a lap dance as I always like to with Maya. She's a great dancer and gets me in the mood for what's to come. Always fantasized about having a lap dance and it leading to a full blown sexual encounter and now Maya has allowed my fantasy to become a reality. This led to a blow job which was amazing, good eye contact and deep throat action, the best ever. This turned into 69, she tastes amazing and was loving it as much as me I think and hope. Then asked to turn my attention solely on her, love tasting her and going to town down there, could tell she was loving it from her face, her actions and her moans & groans. She told me how much she was loving it and that she was gonna come which she said she did & I hope and believe she did. Then onto the main course, started in missionary which allowed me to continue to DFK her which I loved throughout the punt, then onto doggy, love getting a close up of that perfect arse. Finally she was running short, so got her to go on top and ride me to an explosive, amazing climax. Cleaned up and chatted about her impending swimming lessons, good luck with those Maya, hope they are going well. Said my goodbyes and left floating on air, looking forward very soon to our next encounter. Thanks again Maya for an amazing time as always. See you soon.
