The Premises:

At the time she had a great basement studio flat near Camden road station but she said she will be moving so not seen her current place. big space with big bed and nice clean shower

The Lady:

mid forties east euro woman. looks great. breasts a bit saggy now however and not as pert as pics suggest

The Story:

I try to avoid eastern euro's these days with their 'I don't see black guys due to bad experience' nonsense and generally really poor service, but this was a return visit whom I hadn't had the pleasure of visiting in a few years.

after a shower she gave fantastic owo which was a highlight and one of best in long time. finished in mouth which I rarely do.

2nd pop was after a massage, reverse oral which she seemed responsive and sex in mish to completion which she loved.

will return
