### The Premises:

GFE Manchester well known with great facilities. Receptionist was lovely (Emma, I think her name was!) very welcoming and friendly, took my money and summoned the lovely Courtney through to greet me. Room looked as though it had just been used when I entered it, the bed was unmade and the foot towel for the shower was saturated. I've known better standards of this place in the past.

### **The Story:**

Started on my front for a nice relaxing massage

She has a nice manner about her and likes to talk, she seems genuinely interested in people, we had a great chat about the industry and life, and things I have never told anyone else before, it was a much deeper connection than you get with a run of the mill punt.

After a while she asked me to turn over over and gave me a nice massage along my legs and body, before moving onto a nice Uncovered BJ and some ball sucking, which I love. She has a nice slow gentle technique of someone who cares and has experience in this department.

She asked if I liked 69's, I could hardly resist (who doesn't?) getting her lovely bum parked onto my nose for some gentle clit action and grabbing of her arse to push my face deeper into her was such a lovely view. We did this for a while and then had a cuddle and a play with each other while I got to kiss those lovely lips on her beautiful face.

More OWO and after some intense kissing I was ready to move things onto the next phase. On with the condom and a bit of mish to make a start. She was lovely and tight and such a great feeling.

Change of position to doggy where I played with her clit and listened to her moan, I think she enjoyed this but I get the impression she had been worn out from her 2 hour, threesome earlier in the day.

I flipped her over for more mish position and had her lovely stockinged legs in the air taking my whole length, while I kissed those lips I was then at the point of an explosive no return, which lasted for ages and then the final slump onto the bed.

Courtney is a lovely woman and I would 100% recommend her to anyone, in fact she is a must see. It's easy to see why she has so many regulars who keep coming back for more.

Rarely do I ever book a 1 hour session, but her pictures from her profile had me thinking differently, I'm so glad I did.
