The Premises:

Nice flat in good location, clean and airy.

The Lady:

May or may not of been the girl in the photos, difficult to tell. Very pale Asian girl 5-5.5 ft probably in her late 20's, very poor English.

The Story:

Agency booking was ok and when pushed did tell me that Nazuki did not do A, one of the many services indicated on the website.

When I arrived she was pale and did not look well and I asked a couple of times whether she was ok.

She started by giving me a massage which was fine however I was not allowed to kiss her anywhere, touching only with the lightest touch and certainly no fingering. No OWO so she started by giving me covered BJ. I was put off when after a minute she gagged and spat red sputem in to a bin on the floor. Again I asked if she was ok to which she said yes and then carried on during which I was now glad I was covered. She then suggested sex which we did in 2 different positions with her complaining about it being painful. I then requested another position which she begrudgingly agreed to saying I had already had my 5 minutes of sex? After a short while she wanted to change to giving me a happy ending which she was quite good at. After this she went back to massaging me but would not let me massage her.

I am in my mid sixties and am not that large any more so how she would of coped with me 40 years ago I do not know.

Too much money for a poor service.

NB the agency have now changed her list of services now and reduced it to massage and GFE but she still appears in their A level section.
