### The Premises:

Her flat is a very nice central London location, once inside found accomodation to be immaculately clean although have to say the bed is even smaller than a single bed but did not see that as an issue at all.

### The Lady:

I am almost certain, it is the same lady as on the website, but photos have been heavily edited to the point they bear no resemblance to her.

Additional she is more in her 40s than 24 as stated on her web page but whilst this may be an issue for some but this isn't a problem for me.

### The Story:

The experience for me was simply the worst I have seen from any escorts in London or continental europe.

Including shower and usual chat, I was in the flat for no more than 30 mins.

The worst part of the experience is that none of the stated services are actually on offer.

Contrary to what is stated on her web page, she does not offer FK, OWO, COB.

Her service is next to nothing with her sole objective being to get punters in and out as quick as possible.

In my view, this lady should be avoided at all cost.
