### The Premises:

Unfortunately, Alicia's surroundings have gone down slightly. The passageway to the back has been untended meaning there's an uneven hole in the middle and there's discarded rubbish in the alley with odd piles of rubbish bags are stacked in an alcove nearby and sometimes in the courtyard at the rear of the site. Parking can be harsh on the streets as it can fill with cars quickly especially during the school run but there is always private parking up front, taking the bus is an option as the bus stop is nearby. The rooms on site - one and two - One is the biggest of the two, has lots of space but is very dark due to the curtains being drawn facing the street and two being more brighter, as it faces the back, is smaller. The showers - an ongoing issue - have an issue in being turned on and ventilation in the rooms is not as it was as there is a slight dampness to the rooms. The waiting room still has no carpet and the decor is very dark still still.

The upside is that, unlike some of the other parlours, Alicias has always valued the privacy of the client and the secretaries make sure clients don't wait in the same room with other clients.

### The Lady:

Late 30's, about 5 ft or so (something to consider if you are a tall guy), slim and brownish/auburn hair with blue eyes with a Stoke accent. Not many photos on the website but she can be popular.

### The Story:

Overall it was good, Lucy has a relaxed personality and, after setting the ground rules with each other, found nothing that would have brought things to a grinding halt. A good massage led to some oral followed by some missionary - a great service from a nice lady. Highly recommended. To be truth, this is the 2nd time we have met but both times were worth a visit.
