### The Story:

Arrived having showered, shaved, and washed my hair. Was shown into a room by the maid and started to get ready! Jules entered, looking amazing, but with a deadpan expression. After a few words of greeting, I moved over to her and helped her remove her knickers and bra. She appeared somewhat disinterested, so on to the bed where I proceeded to give her some RO which I thought would "warm her up". She appeared to enjoy it and when I moved dicky boy close to her mouth she asked if I wanted Oral - Yes please - and without. So down I lay and she proceeded to wank me whilst occasionally touching the top of my dick with her lips. Not exactly OWO, and I realised that CIM would definitely be off the cards. This went on for a few minutes before she opened the condom and rubbered me up. She then proceeded to straddle me, which was the best part. After several more minutes of active riding she got up moving to missionary. Unfortunately she kept wincing and stopping me. I asked if I was hurting her, as I was trying to be as gentle as possible, and she said I wasn't, but it was very off putting. On to doggy and I had to do some RO whilst making dicky hard again, as he was feeling quite rejected!. Once hard again, I pumped her and came, and she was up and handing me a bag asap.

She is obviously doing this for the money, and her heart is not in it. I am fit (no beer belly!) and gentle and wanted her to enjoy it as well, but I don't think she smiled once during our time together. I feel sorry for her, and although wishing her all the best cannot recommend her.
