The Premises:

Bayswater apartment not far from tube station. Right on the top floor though, so I was a little out of breath considering I'd had a couple of beers! Tidy inside, small room but cosy, quite warm up there too in this heat.

The Lady:

Gabriele is the girl in the pictures, but the only picture that looks a lot like her is her selfie. The others are enhanced quite a bit. Her English is not good, but she is polite and kind.

The Story:

She started with a bit of an awkward lap dance, but didn't put a lot of thought into it. Still it was quite good. Then some OWO. Before she started this she seemed to want to try and tease me, but this didn't really work either. She stroked my cock and looked at me, showing me her tongue piercing and clicking it on her teeth, telling me she had a piercing. I thought "ok, she might know how to do something cool with this," but sadly she didn't. She continued to do this teasing until I was very close to telling her to just get it in her mouth. When she did it was a little disappointing really, with only the end going in. Still, it felt nice and I relaxed into it.

Sex in missionary was nice. She has some quite big boobs really and they're natural so it was nice to play with those in this position. Not keen on kissing unfortunately, but I didn't really push this. Got tired and finished with hand job. A little awkward chatting and a very basic massage and I was done.

A nice girl, but there are much better for this fee
