The Premises:

Nice studio, about a mile walk from Paddington station.

The Lady:

Brazilian blonde with beautiful enhanced perky b cup breasts. Short, and overall sexy, but too much booze, too much pot, and too many extras.

She must be about 40 now on the count of her 20 yo daughter, and I will say she has aged very gracefully as her body is 20 yo body fit and slender.

Has some tattoos on her arm which I actually found rather nice, but that's not shown in her photos.

The Story:

I was keen to see her, blonde, brazilians(Known for good asses), and looked facially pretty. I loved her look, but character wise is a very odd person. mean no offence really, but just quite the character, and its the weed problem, if you do it daily turns into this.

No kissing or hug on entry, no kissing or hugging on leaving, no kissing at all anywhere, oral with condom, emphasis on extra for oral without, extra for spanking, extra for this and for that. My fault I guess should have enquired about services first, but my top 2 choices were unavailable. The oral with the condom was unsurprisingly very poor. You wouldn't realize you are getting blown unless you looked to check! that bad, at one point the bj was done on a double condom!!! I am not an old hand just yet, but I still maintained my cool, being the escort that she should have been by pretending things are cool. Kiss that money goodbye I thought so I learned to maximize my output with what I have and rn I have her so let's get something out of this experience. She moved a lot throughout restlessly, talked a lot, made many excuses to stop any acts every 2 minutes to take a sip of her beer and glass of vodka. Didn't really seem to care if I wanted us to drink, she wanted to drink so I am just going to have to drink apparently as her birthday is tomorrow! Great as if I care!

I obviously didn't cum and couldn't get hard as the lack of affection on her part makes any johnson go flaccid. At one moment I was thinking of capitalism, the Bourgeoisies, and everything that I hate about London. I felt like cow cash to her, and I have had naive 21yo admit this to me upon discussion(after fucking them) but I thought she was old enough to know better. (That girl was wild

in bed despite her admittance, and I respect that kind of honesty when your job is performed).

Very odd character and the experience was as odd. my oral to her was enjoyable perhaps the only redeeming quality. The pussy was like truffle to me, very enjoyable, and I guess partly decided to spend most of my time on her because I definitely didn't want to waste time on oral from her with that kind of mindset. What kind of a call girl hands blowjobs like that with a double condom too? really disappointing women, and requires a very specific person highly agreeable and submissive to let such quirkiness slide.

And she had the face to ask if I wanted to extend another hour? "Are you sure baby? you still not cum extend or next time?" Yeah.

on the count of her age and potentially experience in the industry, I am surprised that she is still in business
