The Premises:

Door located on a busy highstreet. Flat was up two flights of stairs was small but very clean and tidy. Bed was very firm which made for an enjoyable session.

The Lady:

The lady is lot thinner than her photoshopped pictures, which gives the apperience of being tall, but she was 5'4. Her natural breast are small, but she has big pointy nipples. She also had a very shy demeanour.

The Story:

I found Sisi to quite shy, and considering length of time she has been here her english is functional, but not conversational. The session was a sensational fuck, so good that when I left I walk in wrong direction for half an hour. I started by having have dance next me before going down to eat her pussy untill she cried for me to stop, the enjoyed a variety position in what become hard sweaty pounding session in her truely wet pussy. Her BJ skill was good. Only small downside was some services not offered, she very shy and did not kiss, she refused A level, as I was too big, and would allow COF, but not CIM.

I would recommend sisi
