The Story:

I requested an interactive threesome with these two beauties and when I walked into the room I was blown away.

Both of the girls are gorgeous although the session wasn't as raunchy as I would've liked because they would not DFK and they didn't go down on each other. However, they were so fucking beautiful that it almost didn't matter. They did lightly kiss each other from time to time and also played with each other's boobs but it would've been much more fun if they'd been filthy.

The highlight of the session was Brit sitting on my Face looking down on me and licking her lips whilst at the same time Renata was sucking away on my cock. At one point I got Renata to lick her own nipples. Brit ground her pussy onto my face and told me how she liked to be licked lower down rather than directly on her clit.

I normally like to try different positions but the sight of a stunner looking down at me and licking her lips whilst pressing her pussy onto my tongue was too much and with Renata sucking my cock at the same time she made me cum bucketloads.

The girls then lay either side of me on the bed, checking their phones even though we had 30 minutes left. So, as I recovered I got them to lie next to each other and alternately licked both of their pussies and again got Renata to suck her own nipples and Brit to lick her lips.

I left the room with the pussy juice of 2 stunners on my lips.

Would I recommend? Yes because of their beauty but for £120 I've had Jess and Jamiee at Annabellas in the past and they were much filthier. I definitely would not return, not just because of the price because they didn't really give full attention to me all the time and they were not interactive as I had been told.
