### The Premises:

Decent 2-bed room flat, a 2-star hotel quality. No clean towels were available, which made me uncomfortable, to be honest as I wanted a shower. Average place at best.

### The Lady:

My last visit for the day, I messaged Babylon since they had a %30 discount for newsletter subscribers on selected girls for the weekend which is rarely offered so I thought I would see this girl. The girl is seriously hot, her face is so fucking beautiful, I decided to stay once I arrived and was told she doesn't kiss just because she was really hot, calm presence and I wanted to see what's underneath her lingerie.

For typical bookings, this would be disappointing, but we managed to find a spark at the end.

### The Story:

I have seen Ella many times advertised before but she had some seriously negative feedback on her from other agencies which is why I never bothered. With the discount and the high vibe I was on I decided to book her.

She didn't have a clean towel so I couldn't shower, not a great start.

I was a bit stoned so I feel like I can't judge lest I be judged you know.

I popped three times already and she managed to make me cum twice in the span of 15 minutes just banging that pussy hard while looking at her gorgeous face.

Honestly, really pretty, soo many details in her face like a massive ocean with many hidden jewels: massive eyes, so beautiful green/Hazel, the skin tone, her lips were sooo nice man, I was dying inside for not being able to kiss her, literally taking my bowls out so nice. That was the first pop.

She disappeared for a while then came back we smoked by the window, then she spread on the bed masturbating and touching herself with a vibrator, while I licked and touched. I crouched in front of her masturbating myself and looking at her face, sucking her nipples, such nice bullet breasts with a colorful Areola, in the middle of that I look at her and I say: "Slap me", like at the beginning of fight club scene when Tyler Durden asks the narrator to punch him as hard as he can, and the

narrator was confused and unsure of what to do. Ella was confused, I assured her" it's not a trick just slap me ... no, harder"; she slaps hard, again and again, until my head hit the floor and kept insisting she continued. After a while, she said she really likes this!!!

I said I was sorry and I would do anything to please her. We kicked into a very different atmosphere and I was nearing my last 15 minutes, she ordered me to suck her nipples which were protruding and really nice, she put her hand on my hair like I was her pet giving some much-needed affection, I sucked on her feet again and I just kept masturbating while looking at her in the eyes, such a good face to look at, she kept twirling her tongue around which was super sexy, I exploded the fifth time in less than 24 hours on her body and I went for my last smoke.

She said," I can pee on you next time?" I smiled!

It's very difficult for me to find someone I can switch this side of me on, even with those I have been a regular with. She has a good combination of personality and looks that make this possible. She has a very calm presence that even when she ignored me it didn't feel rude but somehow just right for this vibe to kick in.

I will see her again and I will experiment further. Surprisingly, the fact that I was in love with her face but couldn't kiss coupled with everything else, made it possible for me to switch on!

After seeing so many girls in one day, I seriously question if there is such a thing as rock bottom, or if it's just one endless giant pit that has no end!
