### The Premises:

A private flat not far from Lewisham DLR/Rail station. It was cool inside and there was a shower facility.

### The Lady:

A Thai girl, maybe late 30s. It was the girl profiled, but maybe a bit older. Her breasts were lovely and firm, possibly a boob job but if so a very impressive one.

### The Story:

I really enjoyed the session. I took up the shower option and when I returned Lucy was naked. I went straight to her breasts and gave them a good suck and squeeze. We then laid on the bed and Lucy gave me uncovered oral with ball licking. This was superb and I really was laying there enjoying it. We then switched to covered sex in doggy position and I took it slowly. I interspersed that with gently slapping her small bum. I gave her breasts a final squeeze and spurted in the condom.
