### The Premises:

Her Flat is easy to find, just 3 minutes from the closest station and very nice large open room which was clean and well presented, with a bed, a sofa and satisfactory on suite shower room.

### The Lady:

She is just as described on her profile and as pretty if not more so than her pictures. Lovely smile, soft skin, big kissable lips and a very sexy figure.

### The Story:

Chose to see Harley because of her selfie picture, which convinced me I wasn't going to be disappointed by someone who didn't look anything like their pictures, and she was just as much the beauty she appears in person.

The agency was very efficient, a quick text booking and address was provided, with flat number provided after text confirmation of arrival in the area.

It was raining but still very warm and I arrived a bit wet and sweaty. Was three or four minutes early too but the door was answered promptly and was let in and found her flat door and waited outside. She opened it slightly and her pretty brown eyes peered through the gap and then wider revealing a wonderful smile and I was invited in and taken to her room.

She was dressed in a vibrant short red nighty that was loosely open at the front showing the tops of her itty bitty little titties, and she looked absolutely gorgeous and I told her so so many times over the course of the hour just how cute she is. She is extremely friendly and all my usual nerves and awkwardness on a new meeting were just nonexistent.

I was pleasantly surprised by the room as it was very spacious and she took my wet items and we sorted out business. I removed my wet jacket and said introductory hellos asking for CIM (+50) which she happily agreed to and I asked to shower quickly and was directed to the on suite shower room to freshen up.

Lots of body touching, passionate kissing, lovely little titty sucking, BJ/HJ both lying and standing,

69 and some one finger (she is very tight) pussy fingering later I was ready to cum and started jerking while she lay next to me sucking my other fingers and kissing. I let her know I was about to cum and she wrapped her lips around the end of my cock and let me blow my load into her mouth. She paused and opened up to show me it all over her tongue and then dipped into the shower room to spit and clean up while I cleaned myself off too. When she returned she asked if I was OK with her having spat it out, which I wasn't expecting different, but we'll see for next time.

I had about 20 minutes left and I jumped back in the shower, got dressed and we just chatted for 10/15 minutes and made out a bit more on the sofa, a wonderful gfe and so easy to talk to despite her english not being perfect, it actually made for some good laughs. I left having enjoyed myself tremendously and judging by how relaxed and smiley she was the whole time she really loves what she does. Certainly plan to return.
