### The Premises:

Beautiful flat in Paddington, tidy and clean, a familiar place as I have met many girls in that block of flats. The video on her profile is her room, Clean modern showers, fresh towels, with all the accessories, mouth wash, and the rest.

### The Lady:

Romanian girl, 21 her exact age, looks even younger maybe 19, strong personality, natural body all the way, beautiful perky b cup with a on the top right cup, smooth skin, straight black hair, like in the photos. Looks better than her photos, and her character struck me as beautiful too.

### The Story:

This girl came to my attention since the last review on here, and since then I also came across an overnight booking on her from another agency that I use(Diva) which piqued my interest. The last reviewer was very honest on his count; I think, the girl is lovely, but his disappointments were three points:

- 1- Perfunctory kissing,
- 2- Felt rushed,
- 3- and the response from the receptionist was at least inadequate

= VFM?

I read the review multiple times, cross-checked few things, and attempted to book her at least 4 times, always busy, or unavailable for the times I was available.

I messaged the agency and they said she is available from 1:30 am, I said that would be fine, as I really wanted to see her.

I arrived early, however, she was coming back from an outcall booking so due to potential traffic they asked if 1:40 am is okay? I didn't mind. I waited outside, listening to some music, and had few fags.

Expecting her to arrive, I waited outside the building looking for a cute ting to walk into the building! I

saw her coming from a distance where her cab probably dropped her, wearing blue ripped jeans and a cropped white top, I thought that's the girl, but I didn't announce myself because I wanted her to take her time get home first to do her thing and get changed to my requested dress.

1:40am I knock! She looked fabulous! Black high heels on, 2 piece black fishnet hugging her tight petite figure, she looked cute and adorable. I kissed her on the cheek which was okay then hopped into the shower. made small talk as I was getting ready and familiarising myself with her.

The previous review disarmed me, so I made my best effort to be on my best behavior to avoid any conflicts or misunderstandings as nothing I hate more than paying for the company and leave with an argument.

After the shower, I laid down, offered me something to drink, opting for water, made small talk for another 5 minutes, then started feeling her ass which was great. I asked what color her eyes were, turned the lights on, they were greenish and beautiful. I liked her not going to lie. She is very young adorable, and I liked her character before I was attracted to her body. She oozes with a vibe of 'Cool! You have paid, now let's see if you deserve it' which I like, I had some work to do to earn her. I made her lie to next me, starting with a slow hand job with baby oil which is excellent! removed her pants and fishnet blacktop, to reveal these cute cups which I feasted on while the slow mastered hand job was ongoing. Perfunctory quick kisses which are better than nothing massaged her pussy lips then on with the bbbj! it was good, but still perfunctory to a certain degree. moved to 69 tasting the mangos and bringing her tits to my chest so I can feel them on my body which is really nice.

The issue was that she suggested a condom after 2 minutes of 69 so I explained, I am not ready for a condom yet, being prepared with the previous review(I expected that) so we carried on and she happily obliged. Although, she was always friendly and did what I asked the condom was suggested few times, and there is a subtle implication that I should cum soon hence why I applied the Condom on and enjoyed missionary with her for good 5 maybe 10 minutes before I finished on her body. We chatted for a bit opened the window and smoked as I always do and I felt warm and happy being with her.

Sometimes I go for full-on sex for 50 minutes which a lot of Russians and few Romanians offer, but as I discussed with her, it is her view that an hour booking more or less means 40 minutes tops of sex and the rest should be a conversation. I don't see escorts just for sex but mainly for company too so I do enjoy this sort of breakdown, if I want longer sex with her I would book for 2 hours which would perhaps be more ideal.

I loved Marcela, and that was me, but having seen her, I also think the previous review is authentic too and it's possible for someone to be disappointed with their unmet expectations but we are all human and there is a degree of probability to these things.

VFM? Depends on your metric, HOD and Phonix would be the best VFM if you are calculating it based on the number of thrusts per minute or cum shots per hour, but all in all, it was a good meeting and I was happy to have met her.
