The Premises:

Bruna works out of her own, unshared, spacious, nicely-appointed, airy apartment in a discrete and quiet side road in very upmarket part of town. Only a couple of people around when I was there mid-afternoon.

Large lounge area with a comfy sofa and low table with a bottle of water provided for me. Bruna also offered me a cold one from the fridge, if I preferred – this lady pays attention to the little details that make for an untroubled and relaxing session. And, for all you guys out there who, like me, are ‘mirror junkies’, there’s a wide, full-height mirror in the lounge (more on that later!).

Slightly surprisingly small bathroom for this otherwise spacious apartment – but no problem at all because it’s large enough, and I wasn’t planning on spending too much time in there, anyway, lol! Smallish bedroom but, again, easily large enough for a fabulous tantric massage session, and the bed is nice and big, and beautifully laid out for our session. Mood lighting and relaxing music complete the soothing ambience.

However, Bruna told me she may be moving, so the above apartment might not be where you would see her, unless you book up soon. Nevertheless, her new place is also in an upmarket part of town and, with her attention to detail, I’m pretty sure the ambience will again be beyond compare.

The Lady:

Everyone has their own idea of ‘beauty’, and we all have our personal preferences, but I would class Bruna as beautiful – and I don’t say that too often! Absolutely gorgeous face, which you can just about make out through the blur on her London Tantric profile page, with sparkling, green eyes, a cute nose and long, luscious hair. Really cheeky smile that is a joy to behold. And then there’s her body – I’d describe it as ‘superb’. She’s ‘average height’, I guess, but her perfect proportions make her seem much taller. Taut torso, large, perky breasts and a fabulous pair of the shapeliest legs I’ve seen in quite a while.

Brilliant personality. Relaxed and laid back, with very good English, so you can have an interesting chat, and a delightful sense of humour – we had a laugh and just a generally fun time together. She comes across as a genuinely lovely person, inside and out. And she exudes sex appeal – there’s just something about her that is the very personification of ‘hot’

The Story:

This was one of THE great erotic/tantric massage experiences – I’d been lucky enough to find a lady who was incredibly easy to get on with, and who was perfectly happy for me to explore some

naughty fantasies. She clearly has her 'limits' as to how far she'll go – she is a masseuse, after all, not an escort – but she was very willing to explore some things with me that she hadn't done before.

She greeted me in a silken black robe, black hold-ups and black killer heels - looked amazing. But not as amazing as when, after a delightful getting-to-know-you chat on the lounge sofa, I had her do a little striptease for me (which, amazingly, no-one had ever asked her to do before, and which she was VERY good at - a total 'natural' - well, she is Brazilian, after all!) - my jaw dropped so hard I thought I'd dislocated it as she slowly revealed herself fully to my disbelieving gaze.

She also intermittently posed saucily in front of the large lounge mirror (she REALLY did enter into the spirit of things, lol!). That set us to wondering what it would be like if we moved the mirror from the lounge into the bedroom, which she TOTALLY approved of, lol, and, again, not something anyone had previously suggested to her (WHAT?! Made for some extremely provocative views as we watched ourselves during various parts of the massage! Nemesis would have been enraged at our narcissism!

And it was an unforgettably fabulous, fun-filled, erotic, sexy-sensual and naughty massage. The way she moved that taut body of hers over and around me whilst every-so-often flashing provocative glances at me was a mesmerising sight and a most pleasurable experience. Turning over onto my back was particularly memorable as I could now see Bruna's lovely face and magnificent, oiled-up body arching over me. The two edged-out pre-cums, guided by me (another 'first' for her, lol!) were also pretty damn memorable, as was the explosive 'happy ending' that followed a teasing and tantalising build-up during which Bruna wickedly kept brining me near to orgasm before backing off, only to start again!

So, a very special erotic/tantric massage session with a VERY special lady. She must surely be one of LTs gems. Couldn't recommend more highly – obviously!
