### Details of Service Provider:

### The Premises:

Smart hotel, very discreet too.

### The Lady:

Firstly, nothing like her AW profile! If the photos on said website are actually of her, then they must be c.15 yrs old - assuming they are actually of her. The years appear to have taken their toll (on me too, of course!). Physically, she's on the plump side, putting it politely.

### The Story:

It's been c.1 yr since I visited this lady. At the time, I just put it down to a bad experience & carried on. However, she popped up on an AW search I did recently, so, to help others I felt it best to leave a report. Generally, when a punt doesn't go how it should I'd normally not bother leaving a report, but in this instance I felt it needed to be done. I digress.. Basically, she looked nothing like her pictures, she was unresponsive, inattentive and physically unattractive, with, what I believe to be piles, to top it all!

I don't like to dis anyone, but I feel her AW profile is just a complete fabrication, including fake reports. After this experience I now seriously doubt using independents, having had another around the same time which wasn't great. Will try one more independent (Petite\_Ola, Watford - fingers crossed!). I think parlours just may have more to lose if they get bad reports - so maybe I should just stick with them.

As far as Amber Denver goes - in my experience - DON'T!
