The Premises:

On the high street above an Estate Agents the is a discreet entrance on the side of the premises.

The Lady:

Had her hair a little like Harley Quinn but without the same makeup. Good as it would look too costume like for my taste. Quite feminine and wore a nice Lacey number. Her body looks actually way better than on the website and her face was pretty enough. I'm glad after a few catfish experiences with other WGs. Her skin is very soft and her tattoos are not very obvious.

The Story:

It was great! I would have like a little more open mouth french kissing but possibly that might improve for regular clients. The blow job was really well executed and OWO she nearly had me off on several occasions there and then as I felt my cock could burst with sensation at any point. At my request she got on top and tentatively rode me. She's very feminine and none dominant but rubbed my chest at my polite request possibly a bit more lube could have been used on the condom as it felt a bit dry at this stage. but I enjoyed playing with her tits which were pert and responsive. I then moved into doggy at my asking and was treated to her dark star staring up at me while I fucked away and admired her terrific hip to waist ratio, after I finished grinding away I pumped for finish in missionary. I can only hope she had as much fun as I did. We made small talk and then I was off on my Merry way again. I would definitely visit her again.
