### The Premises:

Close to MKE Premises;

A lovely hideaway tucked away in quite Fenny Stratford; albeit a did feel a little bit exposed waiting outside but shouldn't have worried as it is behind the main road.

Inside is well organised and looked after, friendly, comfortable and relaxed atmosphere...and well run by the Maid

Again if their was a more discreet entrance (away from prying eyes or even an enclosure, would be much more easier)

### The Lady:

First time seeing the infamous Jayda (certainty won't be the last if I can help it), absolutely sensational body, gym toned, beautiful soft, silky skin, sexy face, lovely blonde hair... I was very pleased, can't believe how tall she is...Really friendly, down to earth and kind.... if your respectful, friendly she would respond the same way..

### The Story:

I didn't do much for my Birthday gone, so decided to give myself a late Birthday treat and see this gorgeous beauty.. I had originally hoped to see the new girl Zara but made the mistake of the following week's rota... (note to self, don't book in a rush lol), but was so glad that Jayda had a booking slot free.

I am not sure if it's due to age but I am getting a bit more careful in not bumping into other punters going in and from Ego or any other kinds of these establishments, waited until the area was clear before making my way to the entrance, (In my view you do feel exposed, other people in their car can see you go in or out, and I am sure staff working next door the restaurant knows too, so it's a bit anxious going in as you have to time going in, on time and avoiding anyone seeing you go in or out.. anyway thankfully you can wear your mask and have a bit of anonymity going in... For me this is the worse part in going here...

However when you get inside, it's like a big relief as the lovely maid welcomes you in and does all the Covid rituals and you start to relax.

My experience with Jayda was a good one, I followed the Maid to one of the rooms and got myself a shower, few minutes later Jayda walks in looking a million dollars.

I had hoped for a great firm sensual massage and I got one, she is definitely great at this, worked my back so very well, applying the right pressure at each area, as well as using her charms to work me over, on my back, legs, body and all over... I loved that she got right into it and with vigour, and was lovely to talk to.. you have to initiate conversation with Jayda, but that's what I prefer as she focuses on the task at hand to which you get a great service with a stunning woman.

combined with exhilarating conversations about a plethora of topics...Just treat her and the other ladies with respect, kindness and good hygiene and they would make you feel a million bucks, Just my cup of tea... The only way I could make this experience even more fulfilling was if they allowed kissing and 69ing... however this is a service they do not provide...

Certainly worth the hour drive, anxious wait in the car park and making sure the coast is clear and the initial concerns on anonymity... Hoping to see Zara next "No reports as of yet at the time of writing this review".. if not I would be happy to see Jayda again and again and again.... just exquisite.
