The Premises:

Lovely apartment close to Vauxhall underground Station.

The Lady:

What a body – flat stomach, tanned, massive enhanced boobs, beautiful white teeth and a lovely smile.

Pornstar royalty.

The website says she is 33 but if you google for her bio she's actually 41 although she looks 10 years younger and is in tremendous shape. Dressed in white stockings and wearing a white bra that I wanted to take off immediately.

The Story:

What a lovely girl, lilting Welsh accent, fun, open and sexy as hell.

I've seen Stacey in quite a few Bluebird films and before the booking I asked her if I could do a raunchy facial and then share the cum, so I knew what was about to happen.

She started with a terrific blowjob, completely deep throating my 7 inches, spitting, slobbering and gagging. She told me that I had a gorgeous cock and then deep throat me again.

I wanted to taste her pussy and as I did I admired her tasteful tattoo, pierced naval, flat tummy, soft skin and sexy legs. She told me that her clit is ultra sensitive and after a short while she twitched and told me that she had cum. After we'd finished, we discussed this and she said that sometimes she can cum very easily and she also said that my cock must be bigger than I said because it really had made her wet! Who knows whether that was just to make me feel good but I don't care because it felt great coming from her.

I asked her to ride me cowgirl style so that I could have the full PSE with her frigging her clit and

riding me whilst those massive boobs bounce up and down. Condom on, she rode me hard, then leaned back and told me how wet I was making her, then she leaned forward so that I could suck those boobs. Her riding was intense - well, pornstar-like!!!

We switched to missionary for a while and she told me to "pound her, give me those 7 inches, you're making me wet." Then we switched to 69 for a while but her clit was still too sensitive and she she moved around and began deep throating me again and spitting on my cock whilst looking me in the eye. "Cum on my face, gave me your spunk. I want it in my mouth. Give it to me. I want your spunk in my mouth."

She seemed determined to get my cum on her face and she sucked and milked me with great eye contact. When I told her I was about to come she moved down to put her mouth on the head and I saw some of my cum on her lips before she clamped her mouth on me to take the rest of my load in her mouth. She then licked her lips and came up to kiss me.

We laughed together and chatted for 20 minutes or so about her about her family life in Wales, spiritualism, the fact that she finds it difficult to get a man as a boyfriend who would understand the job she does. She's a really cool girl, open and fun. She told me that some punters treat her as a doll whereas she likes a man who looks after her needs as well. She said some men don't like foreplay or even licking pussy. Wow, if I was with her I'd be licking her pussy every single day

Highly recommended.
