### The Premises:

Usual mke behind ego.

### The Lady:

As per website but skinnier than expected.

### The Story:

These punts go one of two ways. No surprise then that this little Romanian lady offered what I feared, but hoped having read her first review that she wasn't just here to send money back home. You know you have wasted your money when she gets undressed with no eye contact or any real attempt to engage. No dfk offered, her attitude was rubbish so pounded her from behind as best I could. Wate of money and the second worst punt at mke. Don't bother with this one. Lots of better lady's with much better attitudes.
