The Story:

For me not up to the usual Admiral standard. Also not really as her pictures and profile make out. Located within a dodgy looking block of flats in a road of council flats in Kilburn. Arrived on time, no answer, nervously waited 10 mins wondering if someone was going to mug me. Called agency wondered if I was in wrong place, they said right place try again. A minute later Delala turned up she had gone to shops. She took me up to a small room in her apartment and started quickly tidying up, and changing the sheets on the bed in the room, I helped. Then it was 'ok take your clothes off ' and she started removing her clothes. I indicated to slow down let's just have a hug. I attempted to hug her a bit but she really didn't want connection she just wanted for me to get undressed and get a Condom on me, she was not interested in any type of foreplay. I told her I wasn't ready for a condom but she insistently put it on and said she would make me ready. She sucked me a bit and then just wanted to put gel on the condom, she lay on her back with her legs open and just wanted me to put it in and get it over with all very disconnected. I declined said wasn't ready and asked if I could go down on her first, she said that would be an extra charge. I told her this is not working for me, I have 35 minutes left and asked for just a straight massage instead of sex. She rubbed my back for 10 mins then she was bored with that and then after only 40mins total in the flat she indicated my time was up with her. She is a Spanish woman and said she has been working in this game for 4 years. She is not my type, I definitely would not recommend or revisit myself. My conclusion is she would be suitable for clients for her don't mind that type of venue, who just wants a quick condom on blow job or emotionless disconnected straight sex. All that aside she was pleasant and polite.
