The Premises:

The flat is above shops on busy road nr Queensway tube. Was buzzed in at front door to a grotty hallway and staircase in need of repair and decorating (nearly fell through a hole in the floor). I walked up the stairs to the flat door, knocked, Rikky answered, she had a black gown on, her English virtually non existent she took me to a room in the flat, I could hear noises from other people in other rooms off the flat hallway corridor which made me a little uneasy. May have been shower facilities in flat but I did not notice or was not offered.

The Lady:

about 5'7" Romanian looked about early 30's from skin condition and body tone, looked older and not as good as profile pictures, plastered in young looking facial makeup, not very connected and very mechanical, virtually zero English language communication ability

The Story:

A New Experience but not as good or uplifting as other Admiral escorts. The flat is above shops on busy road nr Queensway tube. Was buzzed in at front door to a grotty hallway and staircase in need of repair and decorating (nearly fell through a hole in the floor). I walked up the stairs to the flat door, knocked, Rikky answered, she had a black gown on, her English virtually non existent she took me to a room in the flat, I could hear noises from other people in other rooms off the flat hallway corridor which made me a little uneasy. In the very basic room she requested payment and then took of her gown and pink knickers she had on. Standing there naked indicating me to take of my clothes saying to me 'Blow Job or Fuck' these being 2 of the few English words she knew. I just stood there heart sinking, things were feeling very disconnected and I indicated I wanted to slow down for just a hug cuddle start, then suggested maybe a bit of massage to connect. She gave me a short back massage which was ok and I gave her 10 mins massage. Her skin and body condition wasn't that appealing to me and the energetic between us did not feel very connected. She was constantly worried about her hair and it was a definite no no to touch her hair or face but she indicated I could kiss anything below her head. So I started to kiss her body and went down on the shaven pussy which was puffy and very pink, I tried to stimulate her with my tongue but the antiseptic smell and taste wasn't for me. She said Fuck or Blowjob to me again, I said ok, she put a condom on me and masses of gel on herself and the condom. It all felt very disconnected and mechanical, its like her body was there but she was not. I came fairly quickly, and then she took the

condom off and I sat there on the bed for 10 minutes. There was no hug cuddle or connection from her and I tried talking but she didn't understand my words. I then decided to slowly get dressed, She indicated it was now ok to kiss her once on each cheek and I left. I think Rikky is probably suitable for someone who just wants a Fuck or Blow job and no connection beyond that. She comes across to me as someone who has maybe worked a lot in a brothel type environment seeing a lot of men for just hard sex one after the other, for me there was no building or generation of any love energy or connection between us. I personally wouldn't wish a return visit, I didn't find my energies uplifted by the experience, and would not recommend her to any other friends who visit escorts. However she may be absolutely perfect for some men out there. Thank you anyway for the experience Rikky x and Thank you Admiral for making the booking
