The Premises:

No complaints about location. Nice enough flat in a nice location easily accessed by tube.

The Lady:

Simply was not the lady in the photographs. Quite attractive, in her 40's but obviously a completely different personality to the girl described in the advert.

The Story:

I have to plan my visits quite carefully so went ahead with this even though she was not the girl in the pictures. Pleasant massage followed by a reasonable covered BJ. We then had sex in various positions which was ok. Yet again though she did not want to be touched or kissed which is a complete turn off for me. She eventually agreed I could go down on her for an additional charge but still no touching. Having agreed this I then found that for all her high hygiene standards, hands sterilised shoes off etc, the one place that was not good was her pussy. Incredibly disappointing and I will not be returning or indeed using the agency again
